___ User Fee Paid

1. In order to participate in athletics here at North Quincy High School a Parent/Guardian of any academically eligible student under the age of 18 must sign up and register on www.familyid.com. FamilyID is meant to streamline the registration process for students and parents. This site allows us to track student-athletes participation, physicals and user fee payments. In addition it allows parents/students to acknowledge and agree to our policies (Concussion/Health Protocols, Academic Eligibility and Student-Athlete Code of Conduct). The website is user friendly with an extremely helpful customer service line (888-800-5583 / support@familyid.com).
2. It is important to make sure that each student-athlete has an updated physical on file with our Nurses office located on the 2nd floor at NQHS. Physicals are valid for 13 months from the date it was performed. You can contact our Nurses office at 617-984-8972 with any questions regarding physical validity.
3. A concussion baseline test must be administered by either someone in our athletic or health department. This test allows us to have a baseline measurement of cognitive response time so that in the event a student-athlete has a concussion, primary care physicians have measurements to compare. Our test is administered through the website www.impacttestonline.com.
4. User fees can be paid by one 1 of 2 methods. A Check made payable to Quincy Public Schools and given to a head coach or the athletic office prior to first event date. Online payment and fee cost can be made through <https://unipaygold.unibank.com/Default.aspx?customerid=711>.
 - Financial assistance and payment plans are granted on an as needed basis
